

HLL Temporary Limitations Notice

TO:	ALL PILOTS	DATE:	14 February 2023
TLN NUMBER:	01 - 2023		
SUBJECT:	Shell Shearwater with Valaris 122 close by		

1. Comments

The Valaris 122 (V122) drilling rig/jack-up will be carrying out drilling activities close to the Shell Shearwater Platform. The V122 will arrive on location from 14th February 2023 out with the Shearwater 500m zone, but within the Obstacle Free Sector. The location is approximately 680m to the West of the Shearwater Platform. It is estimated that the drilling operation will commence in February 2023 and last approximately 7 months until the end of September 2023.
